

# Nextcloud

Siit juhendist leiad juhised rakenduse Nextcloud'i kohta.

 [In English](#)

**Nextcloud** on Tartu Ülikooli poolt pakutav teenus failide hoidmiseks pilves ja nende sünkroniseerimiseks erinevate kasutajate, arvutite ja nutiseadmete vahel.

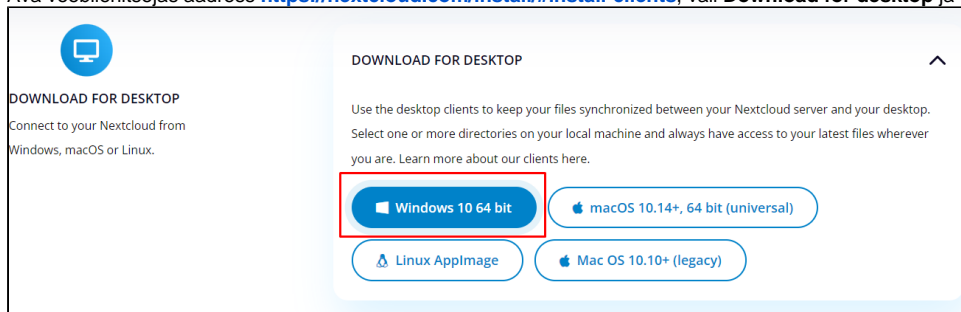

Erinevus teistest sarnastest teenustest (nt Dropbox, Google Drive) seisneb selles, et faile hoitakse Tartu Ülikooli enda serveris.

Igale kasutajale on eraldatud 50 GB ruumi.

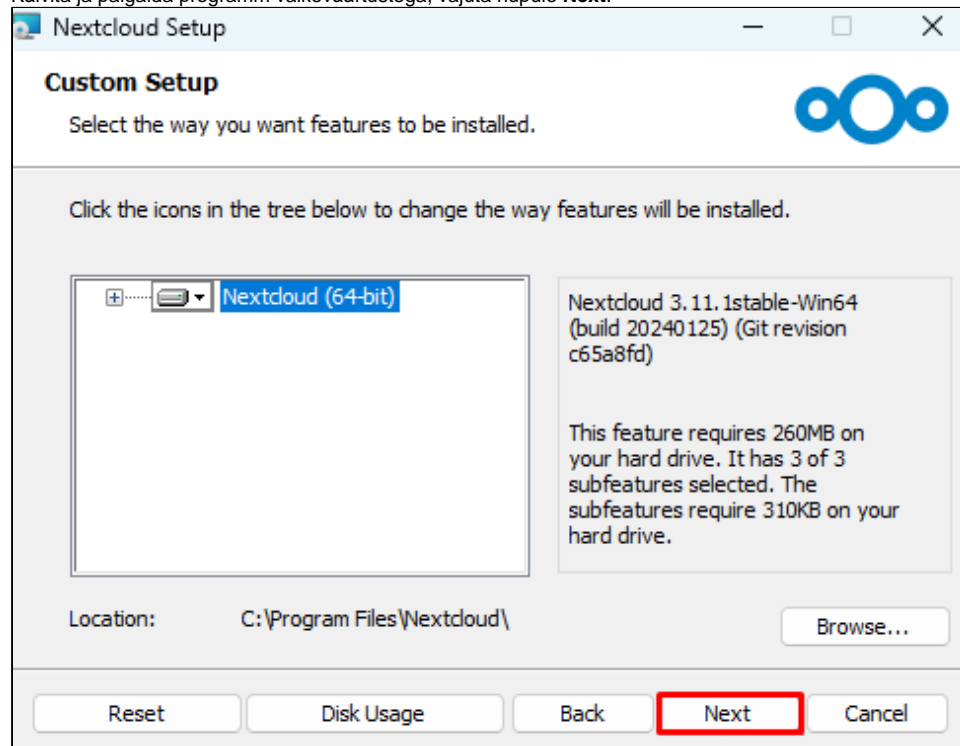

## Juhised

**NB!** Rakenduse paigaldamiseks peavad sul olema admin õigused.

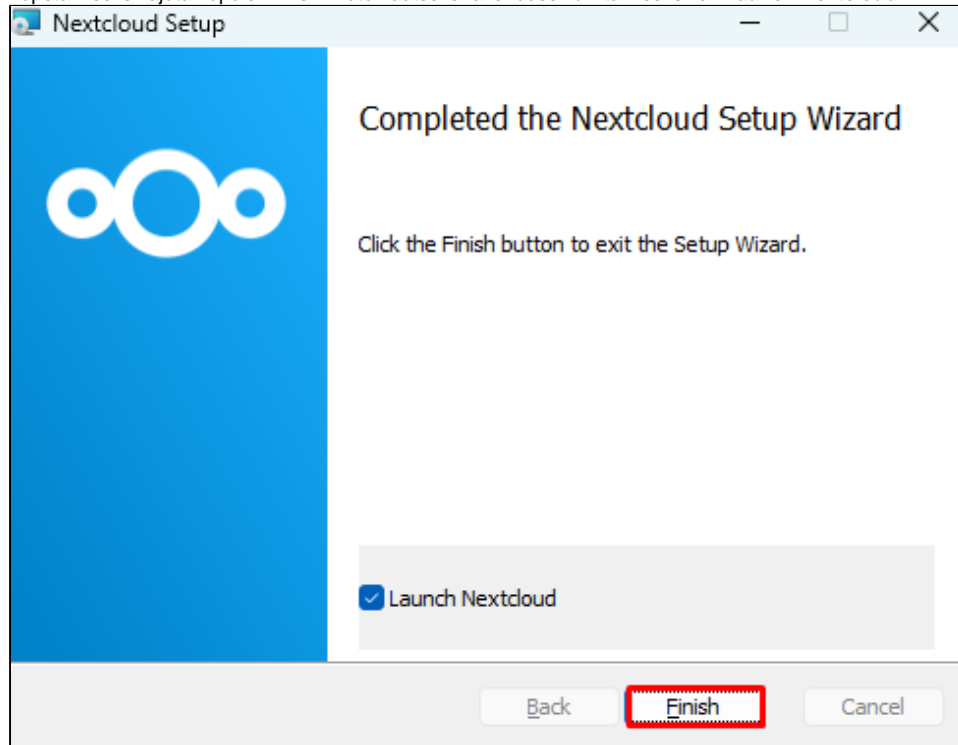

1. Ava veebilehitsejas aadress <https://nextcloud.com/install/#install-clients>, vali **Download for desktop** ja vajuta nupule **Windows 10 64 bit**.

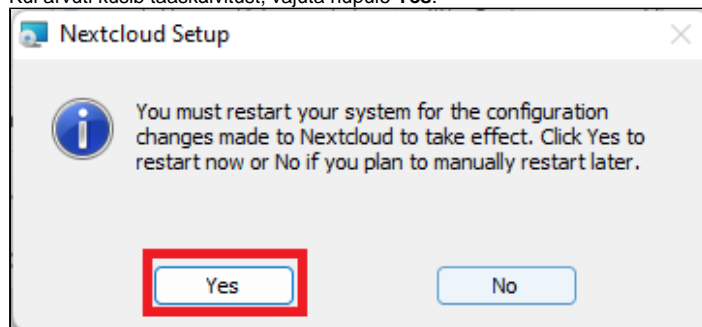

2. Käivita ja paigalda programm vaikeväärtustega, vajuta nupule **Next**.

3. Lõpetamiseks vajuta nupule **Finish**. Automaatseks rakenduse käivitamiseks vali **Launch Nextcloud**.

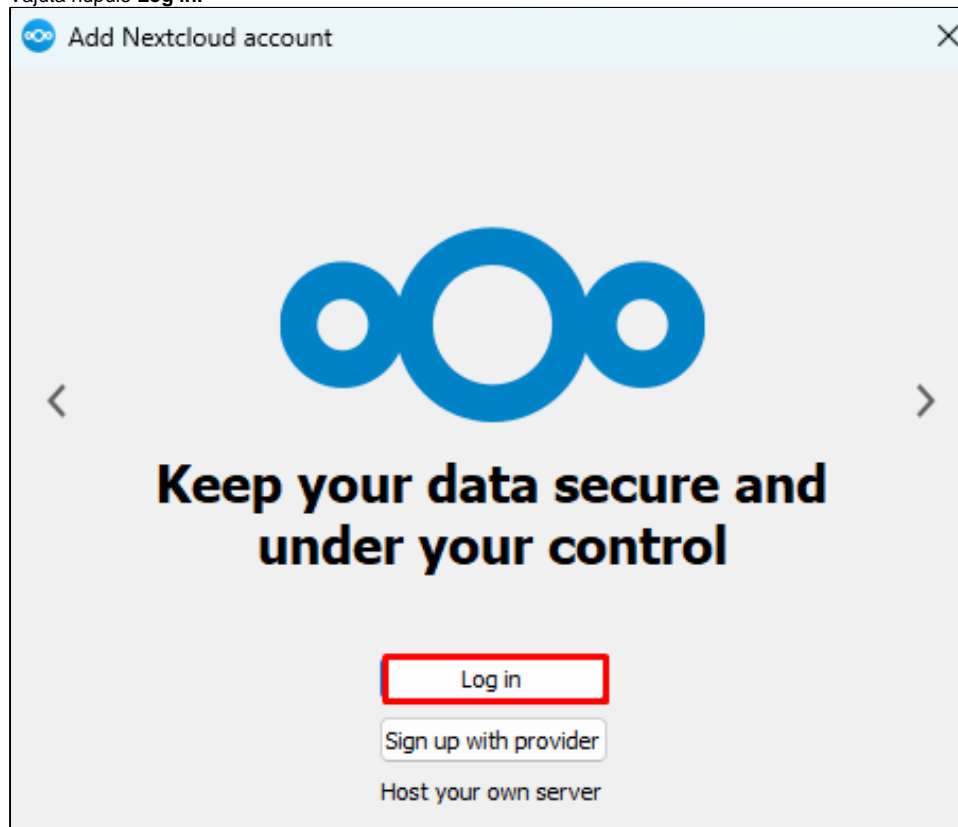

4. Kui arvuti küsib taaskäivitust, vajuta nupule **Yes**.

1. Ava rakendus **Nextcloud klient**.

2. Vajuta nupule **Log in**.

3. Sisesta reale server address allolev link ja vajuta nupule **Next**.

4. Brauseris avanevas aknas vajuta nupule **Log in**.

5. Kasutajatunnuse ja parooli väljale sisesta TÜ keskne kasutajatunnus ja parool (kasutajanimi formaat: Martin Raamat **martinra**) ning vajuta nupule **Log in**.

The image shows the Nextcloud login interface. At the top, the text "Log in to Nextcloud" is displayed in a large, bold, white font. Below this, there are two input fields. The first field is labeled "Account name or email" and contains the text "kasutajatunnus". The second field is labeled "Password" and contains a series of dots, with a small eye icon to its right. Below the password field is a large blue button with a white right-pointing arrow and the text "Log in". This button is highlighted with a red rectangular border. Below the button, there are two links: "Forgot password?" and "Log in with a device", both in white text.

6. Vajuta nupule **Grant access**.

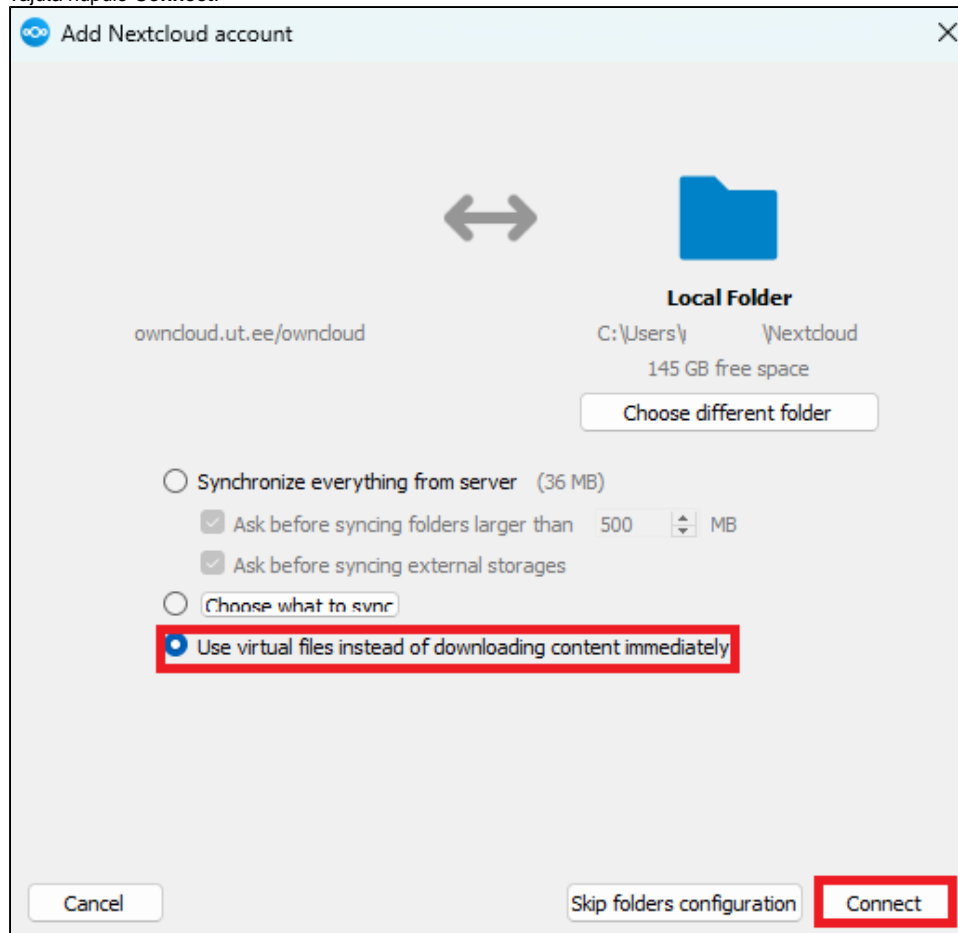

7. Kui kuvatakse järgnev aken, on ühendus edukalt seadistatud.

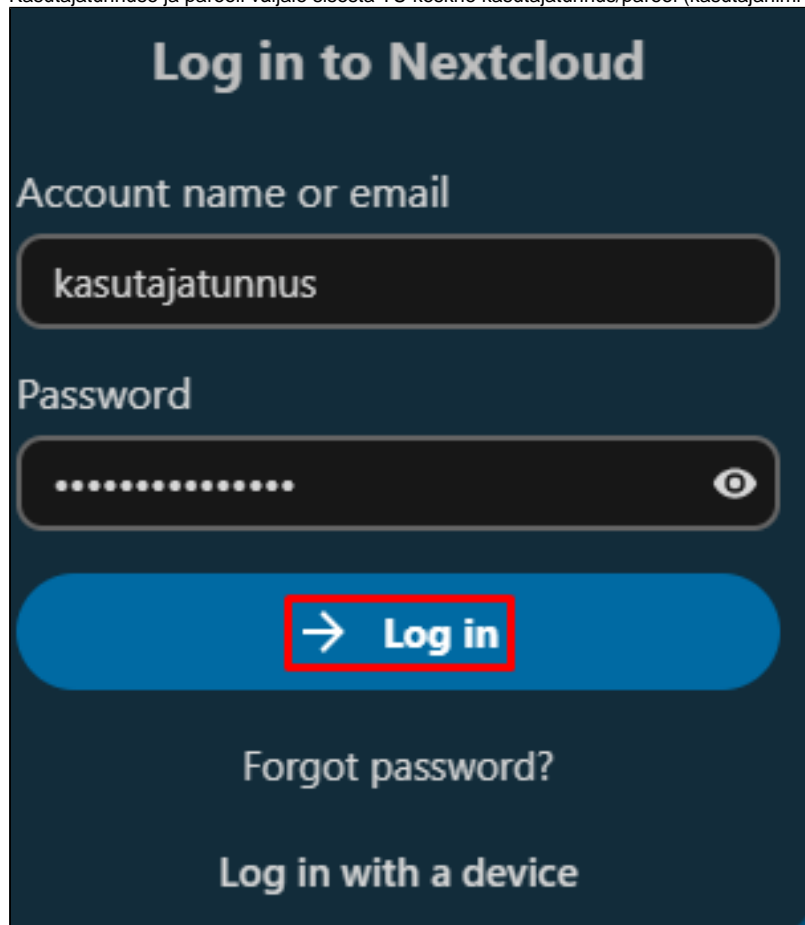

8. Nextcloud rakenduses on vaikimisi valitud seadistus (*Use virtual files instead of downloading content immediately*), et failid asuvad pilves ja avamise hetkel laetakse alla (säästab arvutis ruumi). Ühendamiseks vajuta nupule **Connect**.

1. Ava veebilehitsejas aadress <https://owncloud.ut.ee>.

2. Kasutajatunnuse ja parooli väljale sisesta TÜ keskne kasutajatunnus/parool (kasutajanimi formaat: Martin Raamat **martinra**) ja vajuta nupule **Log in**.

The first field is labeled "Account name or email" and contains the text "kasutajatunnus". The second field is labeled "Password" and contains a series of dots, indicating a masked password. To the right of the password field is an eye icon, which is used to toggle password visibility. Below the input fields is a large blue button with a white right-pointing arrow and the text "Log in". This button is highlighted with a red rectangular border. Below the button, there are two links: "Forgot password?" and "Log in with a device", both in white text.
